BLAIMORE ALBERTA

A wrestling exhibition will be staged at the opera house tomorrow night between Uruu the Great and Sam Clapham.

Mr. J. Menard, formerly business manager of the West Canadian Collieries, has severed his connection with this company.

## President Smith Resigns

The resignation of J. B. Smith as president of District 18 United Mine Workers of America, is announced. Following a request from the Bellevue local union on the grounds of general inefficiency, Smith went into office over Clem Stubbins, who resigned owing to the question as to whether the United Mine Workers, District 18, should be controlled as a political organization, or continue as a mere labor or trade union. He took the ground that the men in District 18 had gone on record as in favor of the Socialist party, and he contested the office and won out on this issue. W. L. Phillips, of Fernie, a strong supporter of the miners' cause and a leader in the Socialist ranks, is indicated as the likely candidate for the presidency.

## Revised Methodist Stations

The revised list of stations approved by the Alberta Conference of the Methodist church included the following for the Macleod district:  
Macleod—Austin D. Richard, B. A.  
Macleod S.—J. A. Barker.  
Chasabudum—James H. Harrison.  
Picher Creek—Alfred A. Lytle.  
Fishburn—F. J. Halgoud.  
Livingstone—T. W. Read.  
Bellevue—F. T. Cook.  
Hillcrest—T. Hart.  
Frank—W. T. Young.  
The district officials are as follows:  
District chairman—J. M. Harrison.  
District Financial Secretary—A. A. Lytle.  
Sunday School Secretary—W. T. Young.

## School Play

A Huge Success

The school play given in the opera house on Friday night last, under the direction of Mrs. Leonora Shaw Brown, was the largest attended and most enjoyed affair staged in Blaimore. It is estimated that over five hundred people attended to witness the work of some 150 school children. The programme throughout, which lasted three hours, was faultlessly rendered, showing not only the possibilities of our young folks as entertainers, but the ability of Mrs. Brown as a trainer. For several weeks Mrs. Brown has been busy with her staff of amateurs, and every spark of wit in the youngsters has been availed of. In justice to the children, it would not be fair on our part to quote any particular character, for all performed their part admirably to the appreciation of the vast audience. Mrs. Brown and the teachers of the local school deserve great credit for the success of the affair, the object of which was a noble one and was reached in point of finances, for we understand that over \$70 was netted for the purpose of supplementing the school library.

We understand it is the intention to make this event an annual affair, which will be looked forward to with interest by everyone interested in the education and welfare of our young people. In the past too much unneeded talent has been allowed to rest dormant instead of being utilized for the benefit of our home folks.

According to rumors, a railroad to be known as the Western Dominion will shortly start down from Calgary through the wildest and on to the international boundary south of Cardston, where it will link up the ties of John D. Rockefeller. The new road will pass down through the Walbran range to Lundbrock, thence through Walsh's point, garden and on to Picher Creek and Cardston.

## Court of Revision

The sitting of the council as a court of revision to consider appeals against assessments took place at the council chamber on Thursday forenoon. Counsellors Sinclair, Dutil, Beebe and Rose being present. A number of appeals were considered and satisfactorily adjusted. The appeals of the West Canadian Collieries and W. A. Beebe were laid over for consideration at some future date.

## A. E. Stillman Among The Empress Victims

On the Empress of Ireland which went down in the St. Lawrence on Friday morning last, after being rammed by the Norwegian collier Storstad, were many well-known Canadians. Included in the number were many prominent figures in the social and business life of the western provinces. Among the number was Mr. A. E. Stillman, general manager of the W. J. Budd Co., at Calgary. Mr. Stillman's boy was recovered from the wreck on Tuesday, and is being brought to Calgary for interment.

Mr. Stillman was well known throughout Alberta, and had many friends in the Crown West Pass, where he has had occasion to make frequent visits in the interest of his firm. His last visit to Blaimore was slightly over a month ago. He was but twenty-six years of age, and leaves a wife, a bride but sixteen months. Lawrence Irving, the noted actor, and his wife were also among the victims of that fatal trip. From latest figures the number of lives lost in the Empress was 987, mainly passengers, the majority of the ship's crew having been saved. An inquiry into the disaster is being held at Quebec this week.

Final complete official figures furnished by the C. P. & S. company late Tuesday night, of the Empress of Ireland disaster, shows a total of 452 saved, making 1,024 lost, as the total number on board was 1,476 passengers and crew. The following is a summary:

The rescued—First class 36; second class 47; third class 136; officers and crew 233.  
The missing—First class 56; second class 209; third class 582; officers and crew 182.  
Identified dead—First class 22; second class 31; third class 36; officers and crew 12.  
When the Empress of Ireland sailed from Quebec last Thursday afternoon she had on board 1,476 souls, as follows:  
First class 89; second class 226; third class 718; officers and crew 413. Total 1,476.

## Course for Cadet

Instructors

Arrangements are being made for a course of instruction at Calgary for school teachers who desire to qualify as Cadet instructors. The course will begin about July 1st and will occupy about six weeks. The number of applicants accepted will be limited to fifty male teachers. Transportation to and from Calgary will be provided for all accepted candidates and during the course an allowance of \$1.00 per day in addition to \$1.00 per day for subsistence will be made by the Department of Militia and Defence.

Teachers who have not already taken the course and who desire to do so should make application at once to the District Officer Commanding Military District No. 18, Calgary, Alberta.

Rev. W. H. Irwin, who has had charge of the Methodist mission work at Bellevue for the past two or three years, is being transferred to Athabasca.

Blaimore defeated Coleman at baseball last evening to the tune of 9 to 7. An excellent game was put up by both teams. J. A. Osborne refereed.

## Murderers Captured

All of the three bandits who committed the robbery and murder bank manager Wilson at Exshaw recently have been captured by the mounted police. The second capture resulted in the recovery of the stolen money—\$2,814.50. The third capture was effected in the collar of a vacant store in Calgary, where the bandit had lodged himself, armed with a 9 m. m. Luger automatic revolver and sixty shells. In order to effect the capture the firemen were called out and a hose directed through a hole in the floor flooded the place and drove the desperado to surrender. The trial of the three will take place at Calgary next week.

## AVIS

Tous les dimanches, a 3 h d un service religieux est celebre entierelement en francais, dans l'Eglise Presbyterienne, en face de la station. Tous les habitants de Blaimore et environs parlant et comprenant le francais, sont tres cordialement invites a assister a ce service qui a ete cree specialement pour eux.

Last night's rain storm was welcomed by people on the prairie.

The Blaimore town council will meet on Monday night next.

William Grant, licensee inspector, left for points north this morning.

An election for the office of president of District 18, U.M.W. of A. takes place on June 26th. Nominations are to be in the district office no later than the 17th.

Bellevue, Alta., Fri., June 5, 1914

Down in Alberta they say: "All roads  
lead to Funako." The oil route now be-  
ing open will no doubt be added to the  
list.—George Meikle.

A big shoal of suckers are running  
wild in Alberta, and the oil slick shacks  
are getting fatter every day. The fool  
and his money are inseparable. Seven-  
teen years ago in Toronto the suckers  
couldn't find an oil slick, and now they  
can't find a sucker. They are getting fat  
the same way, and they have not yet  
learned B.C.—Greenwood Lodge.

To the general public it seemed almost  
impossible that the news could be true,  
especially of the Empire of Ireland.  
The Empire have always left the ad-  
ministration of Canada; they were some-  
thing of an achievement when they were  
put on the run, and they have led to  
them good record for years. They are  
people might shake their heads if one  
spoke of sailing on some other ship, but  
if it were the Empire of Ireland, or her  
sister, people seemed to think that all  
would be well, and so every one when  
they read or heard of the horrible disas-  
ter, gasped, "The Empire" and then  
began to realize that hundreds of  
lives had been lost, that hundreds of men  
and women had gone down to their  
death.—Sylvia Post.

Alcohol and Efficiency  
Does anyone doubt the impairment of  
efficiency by alcohol? The Christian  
Guardian publishes these statements:  
"It is a very old delusion that alcohol  
builds energy, and although today the  
delusion is less tenable than ever, it is  
still a delusion. And every one who  
studies the study of alcohol helps to dem-  
onstrate more conclusively than ever that  
alcohol is a foe to work. Professor Emil  
Krogh, of the University of Copenhagen,  
has been making some remarkable experi-  
ments in this direction, using the ergo-  
meter. He first took a total abstinence  
and measured his muscular efficiency for  
thirty days for some weeks. He then  
gave him a glass of brandy wine after  
each meal and proceeded with his  
measurements. In every case the worker  
showed a decline in efficiency varying be-  
tween 7.6 and 8 per cent. After experi-  
menting with a number of different  
professors tried the same experiment with  
men of other races and under different  
climatic conditions with practically the  
same results."

"He then proceeded to experiment in  
the effect of alcohol upon the mental  
powers. He tested the ability of some  
accountants to add four columns of fig-  
ures. They first worked without alcohol,  
and then each was given four columns of  
figures to add. On the very first trial  
their work fell off 3.1 per cent, and it steadily  
declined until at the end of two weeks  
the loss was 14.5 per cent in daily effi-  
ciency. His next experiment was with  
printer's compositors and one week of  
alcohol lowered their speed 9.6 per cent.  
In all these cases there was no indica-  
tion of intoxication, and doubtless each  
man would have denied that his working  
efficiency was impaired in the slightest  
degree, but the tests showed otherwise."  
It is now pretty generally known that  
alcoholic liquors, even in moderation,  
lessen muscular and mental power, and  
a young man seeking a position is usually  
asked two questions, "Do you drink?"  
"Do you smoke?"

New Oil Company  
(Special Leased Wire)

Bellevue, Alberta, Monday, June  
1st, 1914.—The Johnston Syndicate  
was organized here in the  
Lyric Theatre tonight, and the  
following officers were elected:  
President—C. W. Johnston.  
Vice-President—S. T. Humble.  
Secretary-Treasurer—J. H. Robert-  
son.  
The company is composed of  
business men of Bellevue, and have  
been very fortunate in securing  
some very choice Mud Lake oil  
land, which Mr. Johnston located  
last week. Some very tempting  
offers were received from Vanco-  
ver capitalists, but it has not been  
decided whether to accept them or not.  
There is no doubt but that  
the oil near future leases in the  
Mud Lake vicinity will command  
big prices.

D. Hyaloff officiated at the Hill-  
crest Methodist church on Sunday  
night, the absence of Rev. J. G.  
Anglin, who is attending conference  
at Calgary.

## Edward Michener Is Optimistic

Edward Michener, leader of the  
Conservative party in Alberta, was  
the honored guest of the Edmonton  
Industrial Association recently and  
incidentally was the principal  
speaker. His optimistic views  
about the natural resources of the  
province, commented on the oil  
speculation, gave statistics as to the  
wealth of Alberta, and compared  
them with the other provinces.

Referring to the present mad  
rush for oil shares, he said: "More  
money will be put into oil wells in  
the next five years than will be  
taken out of them, and the province  
at the present time had more specu-  
lators than producers. The basis  
of wealth for a good many years  
to come would depend much  
upon the farmers of the country.  
Alberta has the richest soil in  
Canada, and this has been proven  
by analysis, and there are twenty  
times the productive qualities here  
than in the clays of the eastern  
provinces. Agriculture is the  
only basis of industry in the  
province, but mixed farming has a  
great deal to do with it. We have  
141 per cent of the resources of the  
world." These statements were  
part of a stirring outburst of opti-  
mism from the Conservative  
leader.

## Premier Sifton's Views On Railway Loan

Edmonton, Alta., June 4.—Discuss-  
ing the financial position of Alberta  
Premier Sifton, who has just returned  
from Europe, said at the parliament  
buildings here that the province is  
now practically free from debt. It  
owns no railway bills, and has been  
replaced by 10 year bonds, say-  
ing also that the manager of Lloyd's  
bank in London had assured him  
that conditions are highly satis-  
fying. Concluding he said:

"While it does not make much  
difference to the actual hold-  
ing of the provinces we still owe the  
money, the bonds are not redeemable  
for 10 years. It is regarded as much  
satisfactory to have the indebtedness  
in this form, as it relieves the province  
from immediate worries about the  
possibility of being able to renew our  
notes in the course of a few months.  
We have sufficient money in hand  
to carry on the business of the  
province with economy during the  
current year."

Premier Sifton then gave his views  
in respect to the proposed loan  
of \$45,000,000 to the Canadian Northern  
Railway company by the Dominion  
government, saying:

"Morally, though perhaps not  
legally, the taking of a second mort-  
gage by the Dominion government  
on the property, which bore a first  
mortgage in the name of the province,  
relieved the province of its liability  
to the Canadian Northern. From the  
point of view solely of provincial  
finances, the proposed Canadian  
government in respect to the  
Canadian Northern appeared to be  
satisfactory as relieving the province  
of obligations it had taken upon  
itself in guaranteeing the bonds of  
the company to build lines in Al-  
berta. The Dominion government's  
mortgage covered not only the main  
line of the Canadian Northern rail-  
way but the other lines already com-  
pleted, but circumstances might arise  
which affect the position of the prov-  
ince in dealing with the lines not yet  
built."

In fact, of dealing with a man  
of means they were now practically  
dealing with a bankrupt. The prov-  
ince, however, is amply safeguarded  
as the money raised on Canadian  
Northern bonds, guaranteed by the  
province of Alberta, is deposited in  
the banks to the credit of the treas-  
urer of the province of Alberta and  
can only be paid out upon certificates  
of the engineers showing the amount  
of work done upon these lines. The  
only danger is that the banks might  
be tempted to loan money to the  
Canadian Northern on the strength  
of the money deposited in Alberta on  
account of lines to be constructed in  
Alberta.

"If that were done the Canadian  
Northern might, supposedly, use the  
money borrowed in the east from the  
banks and see if it for conversion of  
the money raised on Canadian  
Northern bonds, guaranteed by the  
provincial government, being

## STENOGRAPHIC QUALIFICATIONS

Bright, Clean Wholesome Rooms

The Bar is well stocked with the Finest Wines, Liquors and Imported and Domestic Cigars

### Local and General

Harold Lamb was up from Cowley on Sunday.

E. S. Volume, of Fernie, was in town on Monday.

H. E. Lyon paid a business visit to Spokane this week.

Miss Rose Bensinger returned from Lundbreck this week.

BORN—On Tuesday morning to Mr. and Mrs. H. E. Lyon, a son.

J. S. McEachern paid a business visit to Pincher Creek on Wednesday.

Benedictine have no army in Blairmore—not sufficient female volunteers.

Detective Sergeant Piper, of the R.N.W.M.P., came to town on Wednesday.

Mrs. Kidd's maternity home, Box 36, Phone 151. Wedding cakes decorated.

Oil.—A young lady of Blairmore has a claim—one foot from Pincher Creek.

Coleman is to have a separate school, to be erected by the Roman Catholic church.

G. A. Passmore, after a brief holiday, has resumed his duties at the local depot.

The oil fever is still at a high temperature, and but few placards have been removed.

A. Passmore, after a brief holiday, has resumed his duties at the local depot.

We regret to learn that Mr. Alex. Cameron, ex-mayor of Coleman, who but recently was obliged to quit business in Coleman owing to failing health, has been confined to hospital at Kingston, Ontario.

Mr. Cameron's numerous friends in this district earnestly hope for his speedy recovery.

Two laborers met with a mishap at McLaughlin's mill last Friday, by being caught on a carrier. Both sustained minor injuries from which they have already nearly recovered. A rumor was circulated through this section since the accident that one of the men, Mike Johnson, had died from the injuries received.

Mr. Edouard Ranson, one of the directors of the West Canadian Collieries, spent last week in The Pass. Mr. Ranson is one of the most prominent manufacturers of the north of France and has large interests in Canada. Mr. Ranson was accompanied by Madame Ranson and Mr. G. Giesquier, general secretary of the West Canadian Collieries, Ltd.

The joint annual picnic of the Baptist and Presbyterian Sunday schools was held at the north-side on Wednesday afternoon, and was attended by about two hundred children and grown-ups.

The programme of the picnic included various games, not the least interesting being a baseball try between teams picked from the schools. After a well-played game the score stood 19-17 in the Baptists' favor.

Benson, with the assistance of other gentlemen and several ladies, referred the game so satisfactorily that he ended his arduous task without having to carry with him the customary token of appreciation, the black eye. In the swimming event only two entered the water, J. H. Farmer winning out around one point. Luncheon was served about 3.30 p.m. The weather was all that could be desired, and the grounds were never in better condition. The committee deserve the highest commendation upon the success of the affair.

The basket ball team of the Coleman public school has issued a challenge to the Blairmore school team to play a tournament on July the first, and we understand that the challenge has been accepted.

The last Sunday in July will be observed as anniversary Sunday at Central Baptist church. We understand that Rev. J. G. Symons, of Calgary, will be the preacher. Many of our people will recall with pleasure Mr. Symons's visit here last year, when he presided over similar services.

Several oil seepages have been discovered in the Frank side during the week. The west-bound train was held up for six minutes by a gusher on Saturday night last.

No wonder Dad Crane's granary slid from its foundation at Mud Lake! Why, the whole earth down there is so saturated with oil that it is impossible to even motor or walk over its surface.

The large bills of the Blairmore Trading Company just out, announcing a fifteen days' sale. Their sale commences Saturday, June 6th, and goods in all lines have been marked down.

The plant of the Dominion Flour Mills, Ltd., at Hamilton, Ontario, was destroyed by fire this week. The loss is estimated at \$100,000. D. B. Woods, brother of J. E. Woods, was manager of the plant.

Rev. T. M. Murray, of Coleman, left on Monday for Woodstock, Ontario, where he is to be commissioner at the general assembly of the Presbyterian church. Mr. Murray will be absent about two weeks.

In a mad rush to catch the west bound train at Frank on Sunday night last, a young Blairmore lady enjoyed a ride on the shoulder of her courageous admirer who has evidently been a pack-horse in his day.

We regret to learn that Mr. Alex. Cameron, ex-mayor of Coleman, who but recently was obliged to quit business in Coleman owing to failing health, has been confined to hospital at Kingston, Ontario.

Mr. Cameron's numerous friends in this district earnestly hope for his speedy recovery.

Two laborers met with a mishap at McLaughlin's mill last Friday, by being caught on a carrier. Both sustained minor injuries from which they have already nearly recovered. A rumor was circulated through this section since the accident that one of the men, Mike Johnson, had died from the injuries received.

Mr. Edouard Ranson, one of the directors of the West Canadian Collieries, spent last week in The Pass. Mr. Ranson is one of the most prominent manufacturers of the north of France and has large interests in Canada. Mr. Ranson was accompanied by Madame Ranson and Mr. G. Giesquier, general secretary of the West Canadian Collieries, Ltd.

The joint annual picnic of the Baptist and Presbyterian Sunday schools was held at the north-side on Wednesday afternoon, and was attended by about two hundred children and grown-ups.

The programme of the picnic included various games, not the least interesting being a baseball try between teams picked from the schools. After a well-played game the score stood 19-17 in the Baptists' favor.

Benson, with the assistance of other gentlemen and several ladies, referred the game so satisfactorily that he ended his arduous task without having to carry with him the customary token of appreciation, the black eye. In the swimming event only two entered the water, J. H. Farmer winning out around one point. Luncheon was served about 3.30 p.m. The weather was all that could be desired, and the grounds were never in better condition. The committee deserve the highest commendation upon the success of the affair.

The basket ball team of the Coleman public school has issued a challenge to the Blairmore school team to play a tournament on July the first, and we understand that the challenge has been accepted.

The last Sunday in July will be observed as anniversary Sunday at Central Baptist church. We understand that Rev. J. G. Symons, of Calgary, will be the preacher. Many of our people will recall with pleasure Mr. Symons's visit here last year, when he presided over similar services.

Several oil seepages have been discovered in the Frank side during the week. The west-bound train was held up for six minutes by a gusher on Saturday night last.

No wonder Dad Crane's granary slid from its foundation at Mud Lake! Why, the whole earth down there is so saturated with oil that it is impossible to even motor or walk over its surface.

The large bills of the Blairmore Trading Company just out, announcing a fifteen days' sale. Their sale commences Saturday, June 6th, and goods in all lines have been marked down.

The plant of the Dominion Flour Mills, Ltd., at Hamilton, Ontario, was destroyed by fire this week. The loss is estimated at \$100,000. D. B. Woods, brother of J. E. Woods, was manager of the plant.

Rev. T. M. Murray, of Coleman, left on Monday for Woodstock, Ontario, where he is to be commissioner at the general assembly of the Presbyterian church. Mr. Murray will be absent about two weeks.

## ASK FOR FIVE ROSES FLOUR

The World's Best

### Send for Five Roses Cook Book—

BEING A MANUAL OF GOOD RECIPES carefully chosen from the contributions of over two thousand successful users of Five Roses Flour throughout Canada, also United States on the various classes of good things to eat, all of which have been carefully checked and rechecked by competent authority.

Address your Enquiries to LAKE OF THE WOODS MILLING CO. LIMITED, WINNIPEG

If unable to receive Five Roses Flour from your local dealer, write the Lake of the Woods Milling Co., Limited, Winnipeg, Manitoba

## FOR SALE For Sale or Rent

West half Section Twenty (20), Township Nine (9), Range Two (2) West of Fifth Meridian, containing 320 Acres—\$17.00 per acre South of Key Ranch

Address—

Hamilton Douglas ATLANTA - - - GEORGIA

### The Indiscreet Judge

"Tens on a summer afternoon, The judge's work was done, He sat beside his office door Just basking in the sun.

He looked his massive office door And halted a passing car. He spoke to people on the street Whether from near or far.

His footsteps reached a concrete walk A door there stood ajar. He wandered most unconsciously Into the spacious bar.

From there he staggered up the stairs, His face it fairly shone; He mumbled to himself some words Which we would not have known.

Along the great hallway he paced While others watched the fun, With a loud hiccup he opened up The door of "thirty-one."

### Bellevue Happenings

T. M. Burnett returned to camp on Monday.

Joseph Steinhilber returned to camp during the week.

James Burke paid a business visit to Fernie this week.

Mrs. Thos. Taylor and family left camp this week for Calgary, B.O.

Mr. and Mrs. Fred Beal, of Frank, were visiting in camp on Sunday.

A lacrosse team composed of Bellevue and Frank players has been formed.

Mr. Delaney, the electrician, has moved his family to Frank, where he has secured a position.

Quite a crowd of Bellevue sports took in the Frank-Corbin football game at Frank on Saturday.

The stock visited the camp this week and left a daughter at the home of Mr. and Mrs. Harry White.

Mr. and Mrs. Thomas Bradley were visitors in camp on Sunday, the guests of Mr. and Mrs. James Bedford.

Mr. Fairhurst, of Coleman, occupied the pulpit of the Methodist church here on Sunday last, in the absence of Rev. Mr. Irwin.

The population has grown considerably lately, and daughters have arrived to Mr. and Mrs. J. F. Simpson and Mr. and Mrs. William Newton. All are doing well.

Dr. J. C. Miller, director of technical education, was in camp this week and met the school trustees. He is making arrangements for technical schools in The Pass for next winter.

Between forty and fifty men listened to a fine address by Rev. W. H. Irwin of Bellevue on Sunday afternoon on "Some Solutions of Economic Problems." The speaker proved conclusively by the way he handled the subject that he had made no mere superficial study of present-day economic conditions. Mr. Irwin will receive a hearty welcome any time he may make a return visit. The Misses Ames and Hazen sang a beautiful duet in splendid voice. Letbridge Herald.

### Morency Suffers From A Baseball Invasion

In the game last night, Morency received a complete knockout under the left jaw. However, after taking the count he surprised himself by scoring an inning.

### Publications On Agriculture

The Department of Agriculture at Ottawa has available for free distribution upwards of two hundred publications including reports, bulletins and circulars. These have been issued from time to time, by the several branches and deal with almost every phase of agriculture science and practice. A list of these has been printed in pamphlet form giving the title, author, and date of issue. This list is for free distribution and may be procured on application to the Publication Branch of the Department of Agriculture at Ottawa.

On two bodies recovered gold and silver to the amount of \$25,000 were found. Mr. Henderson, of London, England, had three drunks worth \$15,000 and \$1,000 in gold in a bag strapped around his body. Miss Nell Morton, of Fernie, had securities for \$5,000 on her person.

Mr. Greenham fell into the river opposite the temple court on Wednesday afternoon, and may have drowned were it not for the prompt rescue effected by Mr. Farmer. Mrs. Greenham received several slight injuries, and a medical officer, who has since been confined to his house.

### Frank Happenings

M. Gosses, Evelyn and George Boyce spent the weekend at Pincher Creek.

Colonel A. S. Tatum, manager of the Union Bank of Canada, Pincher Creek, and party, motored to the Sanatorium for dinner on Sunday last.

Eleven barrels of gasoline were unloaded at Frank station on Tuesday last. Do not be surprised if in the near future you hear of a gusher in the Frank strike.

An opposition oil company has been promoted at the Sanatorium. We understand that R. Waldo Thompson has consented to act as president of the new company.

A New York photographer called at the sanatorium last week and took a photograph of the genial manager, and we learn that The Enterprise is to be presented with a proof.

Sigman Owen de Cooney has returned from a three days' trip to Calgary. While there he made extensive purchases for his wardrobe. The sterner sex of Frank now consider Owen their fashion plate.

Jake Wheeler, auditor of the Squeelch-Coutourfay Oil & Development Co., Ltd., has audited the company's holdings in the Frank slide. He reports three repurchases. It was Thursday afternoon last week that Jake did the auditing.

### How Morency Took The Count

### Empress Victims Were Not Drowned

Quebec, June 3.—More than nine-tenths of the victims of the Empress of Ireland disaster, whose bodies have been recovered, were not drowned, they were killed in most cases instantly or minutes by falling wreckage and debris. This statement, made on Monday by the officials of the mortuary pierce-forensic investigation by the embalmers and undertakers, accounts for the large number of the dead bodies the survivors have been expected to maintain were floating to the water all about them.

"There is no doubt that nearly all were killed by injuries received before they were cast into the water at all," said Norman A. Craig, of Toronto, in confirming the statement. Mr. Craig was summoned here to assist in the embalmings.

While no official statement has yet been issued from the C.P.R. maritime men here say that there is no doubt that efforts will be made to raise the founder of Empress, who is lying at the bottom on her side in 150 feet of water at the site. Her injuries are very extensive, according to the statement of those of her crew who managed the boat immediately lowered after the collision to ascertain the damage done. Several wrecking companies have already tendered for the work of raising the liner.

In addition to an unusually valuable salvage, the Empress carried a quantity of silver, contained from Ottawa to London. She also carried a very large and valuable load of mail.

On two bodies recovered gold and silver to the amount of \$25,000 were found. Mr. Henderson, of London, England, had three drunks worth \$15,000 and \$1,000 in gold in a bag strapped around his body. Miss Nell Morton, of Fernie, had securities for \$5,000 on her person.

Mr. Greenham fell into the river opposite the temple court on Wednesday afternoon, and may have drowned were it not for the prompt rescue effected by Mr. Farmer. Mrs. Greenham received several slight injuries, and a medical officer, who has since been confined to his house.

### Frank Happenings

Mr. Godfrey, of Medicine Hat, is visiting Mrs. A. J. McKinnon.

Mrs. A. Waldman, of Banora, was in town on Saturday last.

T. Label, of Pincher Creek, was in town on Monday, and registered at the Sanatorium.

Mr. Graham, manager of Corbin mines, was down on Saturday last to see the football game.

Frank's football stars will go to Fernie on Saturday, June 8th, leaving Frank on the 8:15 train.

A bacchanal dance will be held in the union hall on Wednesday night next, when all the "knock-about" are requested to be present to make their choice.

A. J. Carter and Mr. McDonald, of Fernie, was down on Saturday last to consider with Mr. Windsor, of Bellevue, the Coal Creek protest re the Frank-Corbin Creek game.

Several of the boys have taken up very unique styles of training. Paddy and Shorty say that pulling a kicking machine is far ahead of kicking a ball. Stay with it, boys!

We understand that our football captain has had a very strong proposal for marriage. His decision is still hanging in the balance, and we hope he will turn it down to stay with us for another year.

The following team will go to Fernie for the big game on Saturday:

Paton, goal; Marples and Watson, backs; Patric, Tristram and Miller, half-backs; Jordan, Sloan, Parker, Marsh and Hutton, forwards.

A smoker was held in the union hall by the Frank and Corbin boys after the game on Saturday. The game was very much in doubt until a high Corbin lost, they were easily as it had and promised a good time to the Frank boys on the occasion of a return game.

On Sunday last, while attempting the rescue of one of Blairmore's most fair and charming ladies, who were thrown out of an automobile by S. Coutourfay Worthington's dog, slipped, and now he is limping around with a sprained ankle. Andrew Carnegie has already cabled the noble S. Coutourfay, commending him for his bravery and advising him that he is sending his best wishes to hasten to present the said S. Coutourfay with one of his notorious medals for bravery. The Sanatorium has now a hero within its walls.

Frank had Corbin at home on Saturday just before a good attendance. Frank won the toes and started the first half down hill. It early became evident that Frank's eleven had their work cut out for them, for Corbin showed great combination football, and had the best of the game in the first half. Several times Corbin came dangerously near, but Paton buttressed several openings. There was no hope in this half. On resuming, Frank began to put pressure on and Parker almost broke through Corbin broke away and tested Paton who made a fine save. Frank continued to press and after twenty minutes Sloan placed the ball in the net. Corbin tried hard to equalize, but the home half-back line broke their combination every time, and at the call of "time" Frank was the winner by 1-0. Corbin deserve credit for the excellent game they put up, but they recognize Frank as a head out to crack. J. Shands, of Hillcrest, handled the game in an excellent manner. The teams were as follows:

FRANK  
Paton, goal.  
Marples and Watson, backs.  
Patric, Tristram and Miller, half-backs.  
Sloan, Morrison, Marsh, Parker and Hutton, forwards.

CORBIN  
W. Walker, goal.  
Clark and Sand, backs.  
Jackson, White and Harlin, half-backs.  
Hayden, D. Stubbard, Overton, R. Stubbard and W. Bell, forwards.

### Letbridge Labor Men May Recall Commission

Letbridge, June 2.—Mayor Hardie and Commissioners Grace and Reid may be turned out of office. At a meeting of the trades and labor council Thursday night a resolution was passed setting forth that the city officials have practically ignored the workingmen, and that they should consequently suffer under the recall clause in the charter. The resolution is not available for publication, but it was passed last night, and a committee, consisting of the following, was appointed to present the wheels of the recall and to put the machinery into operation: Messrs. W. H. Forster, Thompson, Dill, Ritchie and McNabb.

At the last meeting of the labor council a committee was appointed to adopt a resolution and petition the same to the whole council. Some of the appointees objected to acting, but the matter was finally brought to a head last night.

It is alleged that the commissioners have failed to give the people a businesslike education, and that they have not given the workers the consideration they deserve, and they have all committed indiscretions that warrant these drastic steps. It is also alleged that the Commissioners Grace approached the officials of the city company with a request that they cut their wage scale.

The mayor is accused of various indiscretions, and it is stated that his story conditions in Mexico, recently published in the Herald, in which he discussed the religious phase of the Mexican situation, is at the bottom of much of the agitation.

Another outstanding grievance is the agitation on the part of the commissioners for the one man city system, a step which is said to be against all the laws of labor, in that it has for a basis the execution of two men's work by one man. Under the terms of the charter the mayor, consisting of the last municipal election may by petition institute recall proceedings.

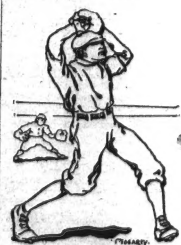

### Wedding Bells

DAMN—GOOD

An exchange says:—A quiet wedding was solemnized at the Evangelical parsonage, Listowel, Ont., on Thursday afternoon, 8th inst., when Miss Lena Good, daughter of Mr. and Mrs. Wm. Good, became the wife of Mr. Lincoln Damm.

The Minister blessed every time he pronounced the groom's name, but the least he could have done was to wish them a blanket-blessed good time.

### The Way Olsen Crowds In The Stickers

A noon was arrested this morning on a charge of vagrancy and brought before Justice Graham, who sentenced him to three months at Macleod.

Blairmore Lodge, No. 68, meets in their hall on Wednesday evening, June 3, 8 o'clock. A visiting brethren welcome. C. C. ALLEN, C. O. ROBERTS, M. S. CROWLEY, NEXT ENCOUNTERING NO. 6. Meets in the I.O.O.F. Hall every second and fourth Wednesday. R. C. Green, C. P. A. Morency, R. A.
